This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

(The name is clearly not Bladwell, and is derived from Blodwell in the parish of Llanyblodwell near Oswestry, co. Salop. See Pedigree of Blodwell of Blodwell, *Vis. of Salop*, 1584, *Harl. The Visitation of Suffolk, taken by Richard Cooke, *alias* Clarenceux King of Arms, A° 1577.

The Original Visitation, in a tabular form, with many additions, apparently duplicate copies of many of the entries, is contained in MS. H 14, at the College of Arms. The same Visitation also appears in a narrative form in MS. G 14, being added to and placed at the end of the copy of the Visitation of 1561, contained in that MS. It is also contained in tabular form in Harl. MSS. 891 and 1560.

The Pedigrees of Bokinge and Minsterchamber are added to this Visitation in this work, because, although appearing in Harl. MS. 1103 as additions to the Visitation of 1561, yet they appear in MS. G 14 as part of the Visitation of 1577.

Additions appearing in the MSS. from which the Visitation is taken are bracketed: notes to the text are given in parentheses.

Appendix

Consisting of Additional Suffolk Pedigrees contained in Harleian MSS.

Pedigrees to which no reference is given will be found in Harleian MS. 1560 or 1449.

As to many of the Pedigrees here given, the observation on Harl. MS. 1560 contained in the Catalogue will probably apply; "and it is very likely that some "of the descents herein may not have been registered in any of the above mentioned "Visitations (*i.e.* those of 1561, 1577 and 1612) but rather entirely additional;" still, they are of some importance, and will, it is hoped, prove a not undesirable addition to the Visitations already given.

NOTANDA.

PAGE

7. For *Barham*, read Barsham; the arms of Covert should read, *a lion rampant gardant Argent;* for *Brasted* read Braxted.

8. For *Barham*, read Barsham.

10. See Edmond Bohun's Will proved 31 Dec. 1501, given in Testamenta Vetusta, p. 443; *Nicholas*, son and heir of *Francis Bohun*, mar. *Audrey*, sister to *Sir Edward Coke*, see M.I. in Westhall Church, given in the "Gentleman's Magazine" for June 1844.

14. For *Leadnam* read Hedenham.

21. For *Clanci'* read Clarenc'.

23. The crescent is probably only a difference on the Coat of Cuddon; the fess (Newman) should probably be *wavy*.

25. *James*, though so in the original, should clearly be Francis Danyell, see p. 132.

32. For *Sir Thomas* read Sir Bartholomew Antingham.

34. John Glemham mar. *Rose*, da to *Sir John Phelip*.

41. For *William* read Thomas Turner; for *Walters*, *read* Walton.

45. There is no doubt that the words "was son and heir to Roger Boys" should appear in the 18th line between "K^t" and "Margaret," though they neither appear in the original, nor in *Harl. MS.*, 1103. See Pedigree of Boyse, *Harl. MS.*, 1560.

46. In the fifth line, after "issue," add "Robert Jenney, son and heir; William, second son; Anne, mar. to *Thomas Hare* of Kirby Cane co. Norf."

47. For *Haslake* read Aslake.

48. *Dovington*, though so written, clearly means Donington; see Foster's Yorkshire Visitations, p. 38.

54. For Anthony Norton son heir, read son *and* heir.

56. *Rose Payton* mar. *Thomas Lewager* and had Edward, Elizabeth, and Mary, *Harl. MS.*, 1560, 109 B.

79. In the coat of Gawsell, Azure should probably be read for *Gules.*

91. For *Visitations* read Visitation of 1612.

93. For *Arkenwall* read Arkenstall.

102. For ARMIGER *of Tanington*, read ARMIGER *of Monewden;* for Tanington, which occurs three times in the Pedigree, read Cannington as in the Original Visitation, although there is no such place in Suffolk and certainly Canewdon Hall co. Essex is the place referred to by that name; the first Thomas lived there, the second was of Monewden, and the third at Thrandeston.

112. As to the second wife of *John Barker*, see the *Visitation of London, Harl. Soc* p. 27 which calls her *Mary Herdson.*

124. For *Waker* read Walker.

176. *Sir John* Pargeter Kt. clearly means Sir Thomas Pargiter Kt. who is referred to at p. 70.

177. Winthorpe. See "Life and Letters of John Winthorp and The Winthorp papers" forming the 6th and 7th vols. of the Collections of the Massachusetts Historical Society.

181. Apleton. See "Memorial of Samuel Appleton of Ipswich, Mass., with Genealogical Notices of some of his Descendants, compiled by Isaac Appleton Jewitt." Boston, Mass., 1850.

Lastly, for facility of reference, the names of matches in the narrative Visitations are given *in italics* except in a few instances, such as in pp. 2, 4, 18, 20, 24, 38, 45, and 65, and perhaps a few others; these should be *underlined.*
